Study Guide and Questions
For
Romans Session 9: Romans 5:1-18

So I thought that I would add a little study guide with some notes, references, and questions for those of you who would like to do a little extra studying. This might also help you follow along while listening to the podcast. These are totally optional, but you might feel like you learn more if you are actually writing things down. Feel free also to take any notes that you feel are important along the way.
